

# The **TRUE** Value of **ZIRRUS FIBER**

## 1 Your Home will **INCREASE** in value!

Fiber Internet is so advanced it will **INCREASE** the value of your home simply by being available. Yes, your home will be worth more with Zirrur Fiber Internet. Commonly up to 3% or more. Which means Zirrur has given homeowners **MILLIONS** of dollars in home value.

A 2021 study found that the addition of fiber-optic Internet can increase a home's value by 3.6%. That's equal to an additional \$9,000 on a \$300,000 home. In fact, it provides the same value as adding a fireplace or half bath. But how does this seemingly intangible addition make your home more valuable? The value lies in the wide-reaching benefits of fiber connectivity.

## 2 The fastest internet speeds on the market!

**Download speed** is how quickly you can get something out of the Internet, like scrolling your social media feeds or streaming a show on Netflix and **Upload speed** is how quickly you can put something on the Internet, like posting a TikTok or streaming a video of yourself to an audience during a teleconference meeting.

Unlike other providers, Zirrur Fiber Internet upload speeds mirror its download speeds. If you work from home, livestream on social media, or game a lot, then you should find upload speeds important. And the more people you have in your home doing these types of things, the more important it becomes. Your Internet's upload speed determines how fast you can send content to the Internet, and you'd be surprised how quickly it adds up.

## 3 You can Stream TV!

Streaming TV is the new TV. Yes, we know it can be scary. However, we are here to help you. We can teach you to stream. We will come into your home and set up Streaming TV and help you be confident in how it works. You'll save money, and have more options than ever before.

***"I won't ever go back to any other provider. Zirrur is the absolute top when it comes to customer service and getting your needs or issues solved quickly. I really can't say enough about how pleased I am, and I will be a loyal customer for life!"***

— Hollie M.

## 4 And your price doesn't go up!

You read that right, your price will not increase after 12 months like that bad cable company. Our pricing is not introductory. It will **NOT** automatically increase.

Plus, we don't have any mouse type. Turn this over to see what we're talking about.
